

Volunteer Positions Form

Name: _____

Email: _____

Address: _____ **City** _____

Phone: _____ **Birthday** _____

Check any or all that you are willing to help with - thank you!

Photographer

Take pictures! Your job is to have your camera ready at all times to capture the moments that express the activity through pictures. We love to look back on our events, and we think our guests do too. So take those photos and videos, and share them with us and via Social Media.

After-Hours Crew

Some events/activities don't require much time afterwards for clean-up (like bowling or kayaking), but some do, like conferences and retreats. Your job is to stay after any of the larger events/activities to help clean-up afterward.

Prep Crew

Not all events/activities require much set-up time (like hiking or game nights), but other events/activities do. Retreats, for example, sometimes require a noon-time start to set-up for an early evening arrival. We're thankful for any amount of time you're willing to commit to!

Socializer

Whether it's someone's first time or fifth time, we can sometimes feel apprehensive or shy when we are at an event/activity. Though we know you can't be at every event or activity, your job is to be on the lookout for quiet/shy ladies who seem alone or uncomfortable, and reach-out to them by introducing yourself, making conversations, and connecting them with other ladies who may have things in common to help them feel included - because, they belong there!

Workshop Coordinator

Plan workshop and gathering/group events by leading on your own or finding someone to lead a workshop (such as basket-weaving, sewing, knitting, pie-baking, etc.). We'll be there to help you to plan the event/activity from start to finish.

Volunteer Positions Form *(cont'd...)*

□ **Blanket Sister**

Be available to pray over our events and activities, and be willing to pray with any other sister who needs prayer when you're there. And if you can't be at an event or activity, we'd love if you just commit to prayer behind the scenes too!

□ **Outdoor Coordinator**

Plan outdoor activities for ladies such as hikes, 5k's, kayaking, or even things like whitewater rafting or biking. Your job is to gather all the details about the activity, and together, we'll work out the dates and details to make it happen.

□ **Caller (not what you think!)**

Walking into any gathering with any amount of people can be overwhelming at times. We believe that the first step in making someone feel comfortable and like they belong there is immediately acknowledging as soon as they first enter the room. Your job is to be aware during the beginning of the event/activity and personally welcome every single woman who arrives - whether your style is "Welcome to Moe's" or just a simple handshake, either will do, but we want every woman to know and feel that we are glad she's there!

□ **Engager**

When a woman joins our church, we'd love for you to reach out to her to get her involved in our Women's Ministry. Whether it's just by reaching out her via email, or simply engaging her in conversation after church service, we want the ladies of our church to feel connected as soon as possible.

□ **Birthday Gurl**

Who doesn't feel special and appreciated when someone remembers them on their birthday or anniversary? We love it too - your job is to keep track of our ladies' birthdays and make sure when they open their mailbox on their big day, they'll find a card reminding them that they are loved! Cards and postage provided.

□ **Lead A Bible Study**

More time in the word with Sisters is never a bad thing. We'd love for you to open your home or choose a time and place at Zions where you would lead a bible study. Get together with us to review your plan of study and target guests, and we'll support you along the way.
